Electronic Signatures to be Completed in PowerSchool

We will utilize iPads throughout our school day to support student learning and enhance instruction. The primary goals for iPad use at High Rock School is to:

- Assist students in their organizational and study strategies
- Empower students to take ownership in their learning
- Educate students to use this device and other electronic media with an understanding of digital citizenship

In order for your child to receive their iPad parents/guardians must enter into their PowerSchool account and electronically read and sign the following documents:

- High Rock School Student/Family Handbook
- Student Responsible Use of Digital Resources
- Device Acceptable Use Agreement

If your child is bringing a device from home, please bring it to the main office on the second day of school, September 5, 2018. These devices will be configured and integrated with our mobile device management system. The device will be returned to students at the end of the school day.

We will be distributing District Owned iPads to students on September 6 and 7. Distribution is as follows:

- Clusters 4 and 5 on September 6
- Cluster 1, 2, and 3 on September 7

Please be looking for your students' iPad to come home on these dates.

Whether your child is borrowing an iPad from the district or bringing an iPad from home, all families must electronically sign the High Rock School Student/Family Handbook and Student Responsible Use of Digital Resources no later than **September 5, 2018.**

We look forward to working with you and your children!
