Our Goals: - To spread awareness about environmental issues - To teach students ways they can help the planet - To make positive changes in the school community - To make friends with similar interests

Meetings: Meetings will be held every other Wednesday from 2:10-2:45. They will be in room 308, in the cluster 5 hallway.

The first meeting will be on Wednesday, September 26, 2018.

What we do: The students decide! What issues are important to you? What creative ideas do you have?

In the past, we've: - Sold reusable water bottles - Planted trees and flowers - Created websites, videos, posters, and slideshows with environmental facts and tips - Watched videos to learn about issues - Decorated flower pots and planted seeds - Made bird feeders - Built bird houses - Made creations out of recycled materials
